Thameez Academy - eBook Collection Overview

Introduction

Thameez Academy is a self-funded initiative by Mr. M S Mohammed Thameezuddeen, a 70-year-old retired engineer and educational author, who has created over 800 eBooks while living with a handicapped condition. These books are designed to support students, educators, diplomats, policymakers, and global leaders in developing a better understanding of business, governance, technology, and world affairs.

9. Reforming Education - The Future of Global Education Policy
10. Education Policy in the 21st Century - Challenges and Opportunities

11. Equity and Access - Shaping Education Policy for All

23. AI Skill for Management

1. AI-Enhanced Leadership - Skills for Managing Teams and Driving Innovation
2. Mastering AI in Management - Skills for Strategic Innovation and Growth
3. AI for Managers - Essential Skills for Leading in the Digital Age
4. Managing with Artificial Intelligence - Essential Skills for Success
5. The AI Manager's Toolkit - Skills for Optimizing Performance and Productivity
6. The AI-Driven Leader - Skills for Managing in the Era of Automation
7. AI-Powered Management - Essential Skills for Data-Driven Decision Making
8. Leading with AI - Transformative Skills for Modern Managers
9. AI and the Future of Management - Key Skills for Competitive Advantage
10. AI for Business Leaders - Management Skills for the Digital Revolution

22. AI Skill for Healthcare Services

1. AI in Public Health - Skills for Predictive Analysis and Disease Prevention
2. Healthcare Analytics with AI - Skills for Data-Driven Decision Making
3. AI for Healthcare Innovators - Skills for Advancing Medical Technology
4. AI in Healthcare - Essential Skills for the Modern Medical Professional
5. The AI-Driven Clinician - Skills for Transforming Patient Care
6. Mastering AI in Healthcare - Skills for Innovation and Improved Outcomes
7. AI for Medical Leaders - Skills for Enhancing Diagnosis and Treatment.
8. AI and Patient Care - Skills for Revolutionizing Clinical Practice
9. Artificial Intelligence in Healthcare Management - Skills for Future-Ready Professionals
10. The AI-Powered Doctor - Essential Skills for Precision Medicine

21. AI Skill for Government Services

1. AI for Government Services - Essential Skills for Public Sector Innovation
2. AI for Digital Governance - Skills for Enhancing Public Service Delivery
3. The AI-Driven Government - Skills for Transforming Public Services
4. The Intelligent Government - AI Skills for Policy Development and Implementation
5. AI for Civic Innovation - Skills for Modernizing Government Operations
6. AI in Public Sector Management - Skills for Transparency and Efficiency
7. Transforming Public Services with AI - Essential Skills for Government Leaders
8. AI-Powered Policy Making - Skills for Data-Driven Government Decisions
9. AI and the Future of Government - Skills for Smarter Public Services
10. Mastering AI in Public Administration - Skills for Efficient Governance

20. Remote Career

1. Work from Anywhere - How to Build a Thriving Remote Career
2. No Office Required - The Complete Remote Job Survival Guide
3. Zero Commute - Maximizing Success in Remote and Hybrid Jobs
4. The Work-from-Home Playbook - Finding, Landing, and Excelling in Remote Jobs
5. Digital Nomad Life - Turning Remote Jobs into Global Freedom
6. Remote Work Hacks - Boost Productivity and Work-Life Balance
7. Finding Freedom Through Remote Work - A Blueprint for a Location-Independent Career
8. The Future of Work - Thriving in a Remote Job Market
9. The Remote CEO - Managing and Leading Virtual Teams Effectively
10. 100 Remote Jobs - Find the Best Opportunities for Your Skills

19. Think Tank - Public Policy

1. Geopolitics in the 21st Century - Power Shifts and Global Strategy
2. Geopolitics in the 21st Century - Major Powers
3. International Relations in a Multipolar World - Strategic Implications
4. Nuclear Non-Proliferation and Global Security - Policy Challenges
5. Monetary Policy in Uncertain Times - Central Banks and Global Stability
6. Space Policy and the New Space Race - Strategic Implications
7. The Future of International Trade Agreements - Policy Challenges
8. Economic Inequality - Causes, Consequences, and Solutions
